

Pennington Biomedical Research Center is unlocking the mysteries of why chronic diseases occur, who is at risk and how to improve human health across the lifespan. We are helping people to live **WELL BEYOND THE EXPECTED.**

KEY

- BUILDINGS**
- A** Administration
- B** Basic Science Laboratories No. 1
- C** Basic Science Laboratories No. 2
- D** Clinical Research Building No. 2
- E** Pediatric Research Clinic - 1st floor
- F** Inpatient Unit - 2nd floor
- G** Comparative Biology
- G Annex** Physical Plant
- H** C.B. Pennington, Jr. Building & Conference Center
- J** Population Science
- K** Residential Lodge
- L** Exercise Research
- M** Gazebo
- N** Basic Science Laboratories No. 2
- P** Clinical Research Building No. 1
- P** Biomedical Imaging Center
- P** Central Storage & Utilities
